

Join Meyers Learning Center as we partner with Hiruko for our Summer "Play-shops"!*

1) Mathtastic

In this four-day play-shop, we will explore math in fun and fantastic ways! This series is for kids who love to play with numbers and those who need help conquering them! We'll engage in fun games to help us learn math facts, juggle numbers, and find creative, real-world applications for math, appropriate to elementary grade-level understanding. Join us for an

afternoon of games and growth!

Times: 12:30-2:30 on Monday, Tuesday, Wednesday, and Friday. (NO meeting on Thursday).

Cost: \$195 -- Subtract \$25 from the cost if your child is registering for BOTH Hiruko and Meyers Learning Center camps! (Cost includes materials and snacks)

Dates: June 14-18, no class on the 17th

2) Building Worlds with Words

In this four-day play-shop we will build fantastical worlds with our words. Every one of us is an author, and we can unleash our creative strength with the power of words. This series is for kids who love to write and for those who are reluctant! We will experiment with what language can do and explore creative ways to speak our fantasies and truths!

Times: 12:30-2:30 on Monday, Tuesday, Wednesday, and Friday. (NO meeting on Thursday).

Cost: \$195 -- Subtract \$25 from the cost if your child is registering for BOTH Hiruko and Meyers Learning Center camps! (Cost includes materials and snacks)

Dates: July 5-9, no class on the 8th

Forests and oceans...hunched over gnomes with cotton candy hives on their heads, fleeing the evil genius and thwarting his diabolical plans...

3) Laser Focus for Learning Success:

This four-day play-shop helps children focus their laser power on time, organization, and learning. We will experiment with time and time awareness, tackle typical organization challenges, and explore creative ways to help us learn anything better. Join us for an afternoon of games and growth!

Times: 12:30-2:30 on Monday, Tuesday, Wednesday, and Friday. (NO meeting on Thursday).
